### **REASONS FOR ALLOWANCE**

2. These comments are made in addition to the remarks in Applicant's specification and arguments, concerning the manner in which the invention distinguishes from the art discussed therein. The Examiner notes that the prior art does not disclose or suggest the claimed combination including particularly a coin dispensing apparatus for an automatic vending machine having a first sorting unit with a discriminator, a holding unit for temporally holding said coins in an escrow condition, so as to allow goods to be dispensed or return of the coins to the user, a coin repayment unit provided at a lower part of the main body of the dispensing apparatus, a coin storing unit provided under said holding unit for supplying coins to the coin repayment unit, and at least one holding cylinder provided in said holding unit, said at least one holding cylinder holding said coins for each coin kind. The prior art lacks this structure or anything equivalent to it.

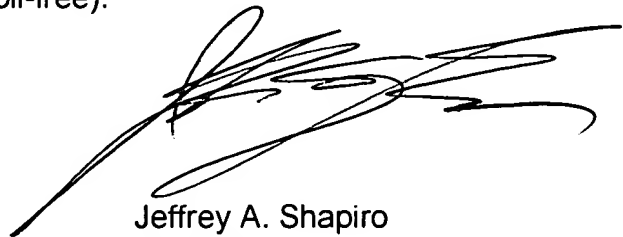

The foregoing is an Examiner's Statement of Reasons for Allowance.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
